

Transportation Alternatives Program Scoring Criteria

(Statewide Flex INFRASTRUCTURE Projects only)

Summary Sheet

Project Name _____

Project Sponsor _____

Evaluator _____ Total Score _____

<i>Criteria</i>	<i>Possible Points (70 max.)</i>	<i>Points Awarded</i>
1. Vehicle Dependence	10	
2. Improving Mobility	10	
3. Public Support	10	
4. Community Values	10	
5. Improve Connectivity	10	
6. Safety	10	
7. Project Readiness	10	
	TOTAL POINTS >>>	

Instructions: Please use whole numbers. Zero can be used and 10 points is the maximum awarded per question.

Additional information can be found on the TAP webpage at www.nevadadot.com/tap

Transportation Alternatives Program Scoring Criteria

Worksheets

Criteria <u>Infrastructure</u>	Points
<p>1) Vehicle Dependence</p> <p>Does the project reduce the community’s dependence of motorized vehicles?</p> <p>The proposed project <u>will</u> reduce the dependence upon the automobile (8-10 points).</p> <p>The proposed project <u>may</u> reduce the dependence upon the automobile (4-7 points).</p> <p>The proposed project <u>will not</u> reduce the dependence upon the automobile (0-3 points).</p>	
<p>2) Improving Mobility</p> <p>Does the proposed project enhance non-motorized mobility?</p> <p>The proposed project <u>will</u> enhance non-motorized mobility (8-10points).</p> <p>The proposed project <u>may</u> enhance non-motorized mobility (4-7 points).</p> <p>The proposed project <u>will not</u> enhance non-motorized mobility (0-3 points).</p>	
<p>3) Public Support</p> <p>Has there been documented community support through a public process (i.e. with support letters, through meetings, included in studies/plans etc.)?</p> <p>The proposed project is <u>strongly</u> supported by the public (8-10 points).</p> <p>The proposed project is <u>moderately</u> supported by the public (4-7 points).</p> <p>The proposed project is <u>minimally</u> supported by the public (0-3 points).</p>	
<p>4) Community Values</p> <p>Does this project provide for improved community quality of life, health or environment?</p> <p>The proposed project <u>will</u> provide for improved community values listed above (8-10 points).</p> <p>The proposed project <u>may</u> provide improved community values listed above (4-7 points).</p> <p>The proposed project <u>will not</u> provide improved community values listed above (0-3 points).</p>	
<p>5) Improve Connectivity</p> <p>Will the project provide connectivity between destinations for non-motorized users?</p> <p>The proposed project <u>will</u> improve connectivity (8-10 points).</p> <p>The proposed project <u>may</u> improve connectivity (4-7 points).</p> <p>The proposed project <u>will not</u> improve connectivity (0-3 points).</p>	

Criteria Infrastructure	Points
<p>6) Safety</p> <p>Will the project enhance the safety of non-motorized users?</p> <p>The proposed project <u>will</u> enhance safety (8-10 points).</p> <p>The proposed project <u>may</u> enhance safety (4-7 points).</p> <p>The proposed project <u>will not</u> enhance safety (0-3 points).</p>	
<p>7) Project Readiness</p> <p>The project will be advertised for construction within:</p> <p>12 months or less (8-10 points).</p> <p>24 months (4-7 points).</p> <p>Greater than 36 months (0-3 points).</p>
